

Reproduction Activity

TAB K

The man-hours shown include the time expended in going to and coming from room 2052 N Building as well as the time expended in reproducing documents. With few exceptions most clerical personnel are called upon to reproduce intelligence documents by Thermofax or Autostat process or to run off Ditto copies on the machines kept in room 2052. No single individual is in full charge of operating this equipment. Maintenance is performed by Administrative Branch personnel as needed.
